

## Evolution of the MCEA: A Workshop to Improve this Vital Process

November 29, 2017  
Richmond Hill, Ontario

### AGENDA

The Residential and Civil Construction Alliance of Ontario (**RCCAO**) and the Ontario Municipal Engineers Association (**MEA**) are pleased to host a stakeholder workshop regarding issues and solutions related to Municipal Class Environmental Assessments

12:30 – 1:00 pm	Welcome and light refreshments
1:00 – 1:10 pm	Introductory remarks by Andy Manahan of RCCAO and Paul Knowles of MEA
1:10 – 1:30	Overview of recent developments and initiatives regarding MCEA including the successful joint application by RCCAO and MEA to reform the Class EA process (Frank Zechner, consultant and counsel to RCCAO and MEA)
1:30 – 1:45	Presentation on Part II Order requests and Ministry responses, including use of a standardized PIIO application form (Paul Knowles, MEA)
1:45 – 2:05	Ministry Update on Class EA Reform (Dolly Goyette, MOECC Director of Environmental Approvals, Access and Service Integration Branch)
2:05 – 2:40	Breakout groups to identify top five challenges associated with the Ontario MCEA process
2:40 – 2:50	Refreshment break
2:50 – 3:15	Presentations by Individual Groups on their top five MCEA issues, followed by a dialogue on the best solutions
3:15 – 3:30	Impacts of the current MCEA process on providing municipal infrastructure (Scott Butler of OGRA)
3:30 – 3:45	Additional questions to speakers and continued dialogue on issues and solutions
3:45 – 4:00	Wrap up and next steps comments (Andy Manahan and Paul Knowles)
